THE
LEGEND
WEEQUAHIC HIGH SCHOOL
NEWARK, N.J.
VOL. XXXV
(68)

The 1968 Legend is a happening. It is more than just a chronicle of the events and people that have influenced our four years at Weequahic. In it, we have tried to create the mood and the spirit of the 1960's. Our high school years have been a time when youth has exercised a new freedom and independence. Superficially this spirit of rebellion was demonstrated in our clothes and hair styles. But these were merely the outer manifestations of an independence that pervaded our thoughts and actions. It is our hope that this Legend will serve as a valid statement of that spirit.

WITH GRATEFUL APPRECIATION
THE SENIOR CLASS DEDICATES
THE 1968 LEGEND TO OUR
PRINCIPAL, WILLIAM MONPRODE

PRINCIPAL'S MESSAGE

Congratulations on receiving your high school diploma. It is an important milestone on the road to becoming an educated person, but it is not the end of that road. Education is a life-long process – in school and out.

No one is truly educated until he can tell right from wrong, to do the right thing when it ought to be done, and to refuse to do the wrong thing regardless of his convenience. Some never acquire this ability and so are forever uneducated no matter what diplomas they may possess.

May you continue to grow in self-discipline of thought and action to the gratification of yourselves, your families, and your fellow man.

OUR THANKS MRS. TWARDUS FOR YOUR HELP AND GUIDANCE
